Work Assignments

The image features a 2x3 grid of squares. Each square is defined by a thin black border and contains a black 'X' formed by two diagonal lines connecting opposite corners. Above the grid, there are two thick, solid black horizontal bars. The top bar is shorter, spanning the width of the first two squares, while the bottom bar is longer, spanning the width of all three squares. The entire composition is centered within a white rectangular frame.

[illegible]
